SHOWER CARDS OBTAINABLE AT RECEPTION ONLY

As the site is on a private water supply and open to the general public and to control usage, the showers will operate on a 50p shower card system which allows a 5-minute shower per card. These cards will only be issued to our Camping Clientele and are available to buy at Reception.

CAMPFIRES

We allow raised campfires only which requires the use of Fire Baskets only. Fire baskets can be bought on site or hired from Reception for £5 per basket and a £50 refundable deposit is applicable, **deposits will not be returned if the Fire Basket is damaged or lost.** Every camper must self-risk assess and ensure that all fires are extinguished at the end of the evening, in addition to avoid carbon monoxide poisoning all barbeque equipment must be totally distinguished and kept outside after use. **Logs must be either bought on site or elsewhere, but the collection of deadwood and especially live wood is strictly forbidden. Trees in this area are protected by a Tree Preservation Order.**

DRINKING WATER

The drinking water for this site is pumped from a 185ft Bore Hole. The supply is regularly tested by Gwynedd Council. For added safety we have now installed a filtration system. If you are uneasy with this situation, please feel free to boil before consuming.

ELECTRICAL PITCHES

Conventional household heaters should not be used, camping heaters only. Conventional heaters will overload the system and will cause the Main Switch to trip.

All electrical pitches must vacate before 12.00 noon on the date of departure.

ELECTRIC CARS

The charging of electrical vehicles on an electric pitch is strictly prohibited at any time. Local official charging points can be found in the area. For more information the staff at reception will be able to advice further.
